

Christmas mask - Blue

GET AN ADULT TO HELP!

Carefully cut along the dotted lines with some scissors. Don't forget the eyes!

Make holes in the side of the mask at points A and B.

Tie some string or elastic through the holes to tie the mask around your child's head.

Tip: To make your mask stronger, you could print it on to card. If you don't have any card to print directly on to, why not stick your printout on to card (e.g. an empty cereal box) before cutting them out.

Note: These are activities for you and your child to enjoy together. The safety of your child is very important. Please use caution when using scissors and other materials in your child's presence.
