

## How to make your Santa stop sign

1. Cut out the Santa stop sign.
2. Carefully cut out the hole from the middle.

Your Santa stop sign is now ready to hang on the door handle of your choice.

**TIP:** To make your Santa sign stronger you could print it onto card instead of paper. If you don't have any card to print on, why not stick your design onto card (e.g. an empty cereal box) before cutting it out.

**Note:** These are activities for you and your child to enjoy together. The safety of your child is obviously very important. Please use caution when using scissors and other materials in your child's presence.
