## Make Leaf Prints

### You will need:

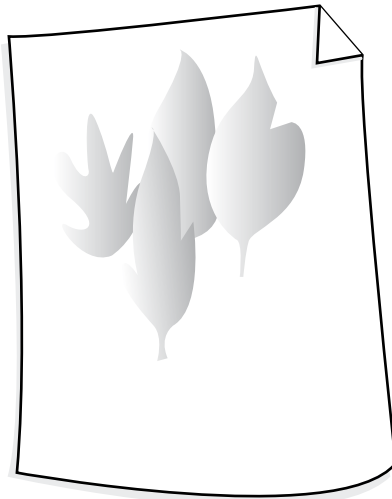

- Plain paper
- Paintbrush
- Acrylic paint or mix a little washing up liquid with powder paint
- Outer leaves of a cabbage
- Different shaped leaves (collect some leaves from the garden or park)

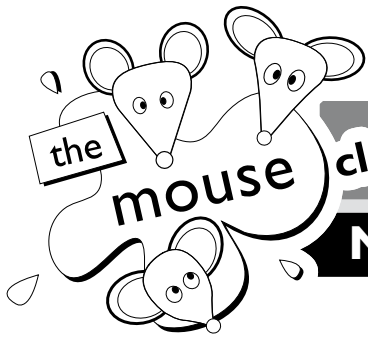

### What to do:

- Brush paint onto the underside of a cabbage leaf.
- Turn it over and press the painted side firmly onto the plain paper.

- When dry the leaf prints make great tree shapes.
- You can make your own forest picture by printing with the different shaped leaves.

# Rainy Day Activity

## Make Leaf Prints

- Now draw pictures of your favourite fairy tale characters, colour them in, cut them out and glue onto your background of trees.

- Put your finished picture in a frame or ask if you can put it up in your bedroom.
