Rainy Day Activity

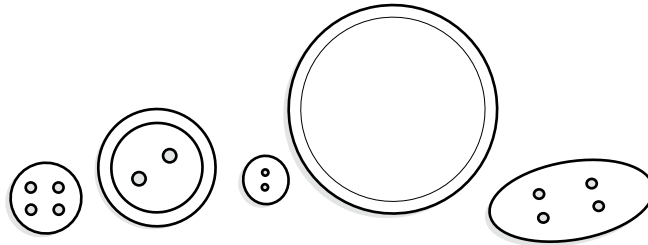

Make Button Animal Prints

You will need:

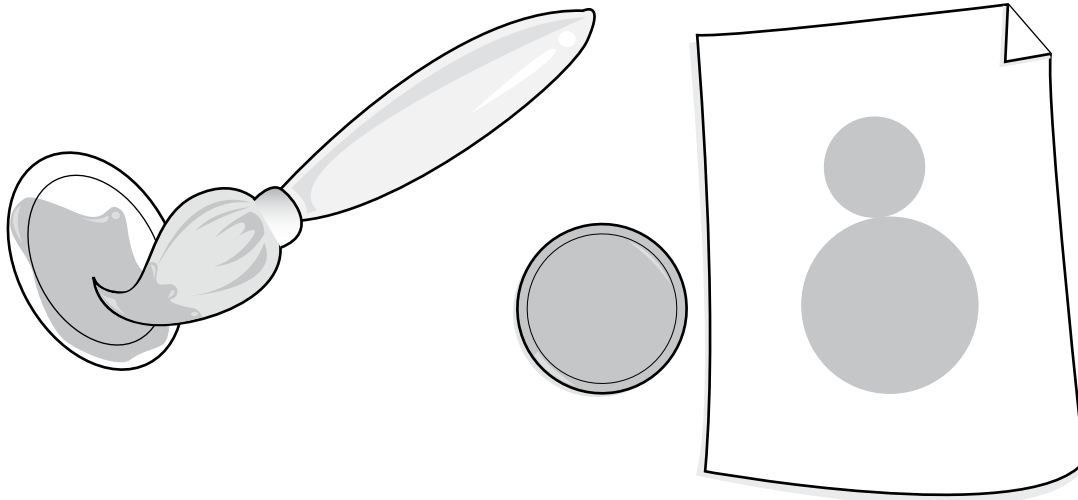

- Felt pens
- Acrylic or poster paints
- Sheets of plain paper
- Some different buttons (not too many)
- Lids (any interesting ones you can find)

What to do:

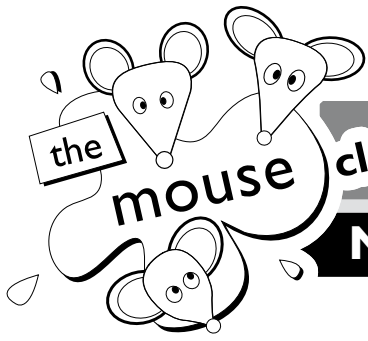

- Sort the buttons and lids into different shapes, sizes and textures.

- In order to make a print of your pet cat or dog, choose a biggish lid first.
- Paint your lid, press the painted side firmly onto the plain paper for the animal's tummy, don't forget to leave space for the rest of the animal.

- Do the same with a button for the head. Now you have a head and a tummy.

Rainy Day Activity

Make Button Animal Prints

- Use felt pens to draw a face and add some legs and ears.

- You can have lots of fun making up your own animals and insects.
