

## Mouse Club Snap Cards

There are 4 sheets altogether; each sheet contains 8 different delightful characters so that's 32 in all. Depending on the age of your child either choose 2 sheets to print out, printing 2 or 3 copies of each. If possible laminate each sheet before cutting out – they will last longer. Older children or groups of children will be able to cope with 2 or 3 copies of each or all sheets. Once your snap cards are ready to use, shuffle them well and share out equally. Remind the child to look out for matching pictures and shout 'snap'. The winner takes the cards. I wonder who will win?
