Make your own ruler

Colour in the pictures on your ruler, cut it out and glue it onto a piece of card to make it nice and strong. Now you can use your ruler to measure each object.

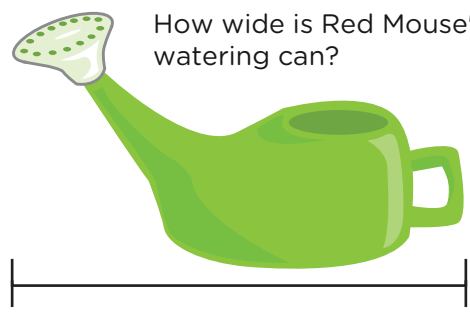

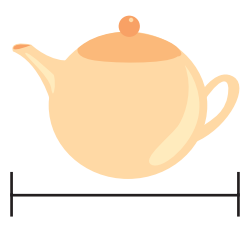

How long is Blue Mouse's sock?

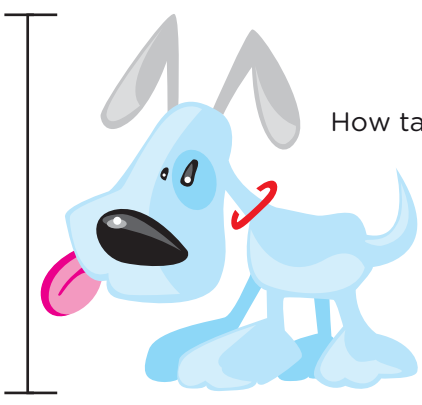

How long is Roly's Tshirt?

How wide is Miss Squeak's teapot?

How wide is Red Mouse's watering can?

How tall is the dog?

How tall is Grandad's bucket?
