Red Mouse's spooky lollies

(Makes 8)

You will need:

200g white chocolate broken into chunks

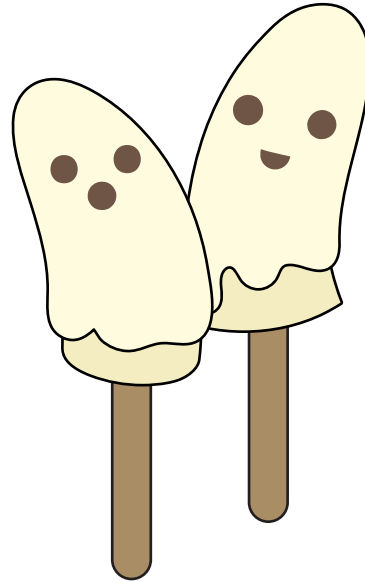

4 medium ripe bananas

Handful small dark chocolate drops

Lolly sticks

Baking tray

Parchment paper

What to do

1. Peel each banana and cut it in half.
2. Push a lolly stick into the fattest part of each banana lolly.
3. Gently melt the white chocolate in a microwave (try 30 seconds at a time and stir-continue until the chocolate is completely melted.)
4. Use a pastry brush to brush the melted chocolate onto each banana lolly.
5. Add 2 small eyes and another to make an open mouth.
6. Place the spooky lollies onto the parchment paper on the tray and put in the freezer.
7. Leave for 4 hours
8. Enjoy eating your spooky lolly.

Red Mouse made these with his mum for their Halloween party last year. We all loved them and hope you do too.
